

How Many?

Author: Sudeshna Shome Ghosh
Illustrator: Sayan Mukherjee

Level 1

1 snail tells them a joke.

How many snails can you see?

3 pigs playing in the sun,

4 pigs join the fun!

How many pigs can you see?

4 butterflies flit and fly,

5 butterflies wave bye-bye.

How many butterflies can you see?

5 worms slip and slide,

5 more worms join the ride.

How many worms can you see?

5 + 5 = 10 worms

10 ants all in a row,

Look, here come **2** more.

How many ants can you see?

How many creatures can you count?

Snail + Fish + Butterfly + Pig + Ant + Worm

How Many? (English)

Crawling snails, fluttering butterflies, pigs in the mud. This book has so many animals, and more keep joining in. Can you count them all? A simple book about addition.

This is a Level 1 book for children who are eager to begin reading.

Pratham Books goes digital to weave a whole new chapter in the realm of multilingual children's stories. Knitting together children, authors, illustrators and publishers. Folding in teachers, and translators. To create a rich fabric of openly licensed multilingual stories for the children of India and the world. Our unique online platform, StoryWeaver, is a playground where children, parents, teachers and librarians can get creative. Come, start weaving today, and help us get a book in every child's hand!

This book is shared online by Free Kids Books at <https://www.freekidsbooks.org>
